

Referral Directory

Dear Family, Friends and Clients (soon to be friends),

People are always asking who I would recommend to do work on their homes or businesses, or for products for their home. I am thankful that you view me as a trusted advisor and I am always willing to help! So after some time and effort, I have compiled this directory—just for you!

I have collaborated with fellow real estate agents Jana & Tim Allen, in the preparation of this reference directory that is a compilation of businesses that I would recommend to do work on your homes and businesses.

As a Realtor, about ninety percent of my business has always been **By Referral**, and I want to refer those businesses that I or the Allens have used or clients have referred to us that do excellent work, are reasonably priced and reliable.

I believe doing business **By Referral** is the best way to conduct business on all levels and I wholeheartedly encourage others to do the same.

Remember, I am always here to help in any way I can!

Your friend and Realtor for Life!
